

**Drawing Notes:**

The adhesion of insulation to details using DANOBOND adhesive must be to a fully-bonded vapour control layer (as specification) and not directly to the substrate.

DANOBOND Adhesive Application Guidance

<b>Drawing Number:</b> DUK-G-(G)-910	<b>Revision:</b> 01
<b>Date Drawn:</b> February 2019	<b>Author:</b> SL

Drawing Title:  
Adhesion of Vertical Insulation Using DANOBOND Adhesive  
General Principals
